

CityBridge Education Fellowship 2020–2021

ORGANIZATIONAL OVERVIEW

CityBridge Education is a Washington, D.C.-based nonprofit whose mission is to **advance equity and opportunity for children. We do that by reimagining public education, supporting the people, ideas, and conversations needed for equity-centered innovation in D.C.’s public schools.** Deploying particular effort to recruiting leaders of color, we identify the talented entrepreneurs and educators who can solve for the educational needs of D.C. families. As an early-stage incubator, we then invest in and support their ideas, wrapping these entrepreneurs with resources and helping to launch the next generation of transformational public schooling in our city.

THE CITYBRIDGE FELLOWSHIP

The Fellowship is a **competitive, year-long, full-time, paid fellowship** for top-tier talent committed to equity in urban education. Starting in Summer 2020 and across the year, the Fellow will be embedded in two of our core teams—School Launch & Incubation and Network Engagement—and will have the opportunity to:

- **Directly support education entrepreneurs:** The *School Launch & Incubation* team provides coaching and technical supports to help our portfolio of entrepreneurs develop new school models, employ design thinking and a racial equity lens, and launch a brand new public school or project.
- **Engage city and community leaders re: education, race & equity:** Through content, relationships, and convenings—school tours, book discussions, film screenings, speaker series, etc.—*Network Engagement* helps to build a D.C. education ecosystem that is fertile for equity innovation and for CityBridge’s portfolio.

Fellows will: work alongside school founders and CityBridge staff; gain exposure to city leaders, the D.C. education landscape, and our expansive D.C. network; develop skills in writing, research, event planning, project management; match with a mentor who supports their professional development. Through these experiences, Fellows build the deep contextual knowledge and expansive professional network to prepare for an impactful career in D.C. education and/or beyond.

The salary for the Fellowship is \$50,000. A competitive benefits package includes health insurance, 401k match, flexible time off, pre-tax commuting benefits, free access to brand new fitness facility, etc.
